

Open the internet and type in the Numbots website

<https://play.numbots.com/#/intro>

## Logging in

Then you need to click on schools and then pupils.

Start typing 'Brandwood' into the search box. When you see '**Brandwood Community Primary School**' pop up, click on it. This will take you to the schools log in page.

Use your log in details to sign in.

Your user name and password will be on your password sheet that you receive each half term from your class teacher. Your user name is usually the first 3 letters of your first name and the first 3 letters of your surname.

Then click password and enter your password. This should be 3 lowercase letters.

### **Forgotten your login?**

Please ask your child's class teacher for your password details by emailing the school office [office@brandwood.bolton.sch.uk](mailto:office@brandwood.bolton.sch.uk) or by ringing the school office on 01204 333444 during school hours 9am - 3.30pm.

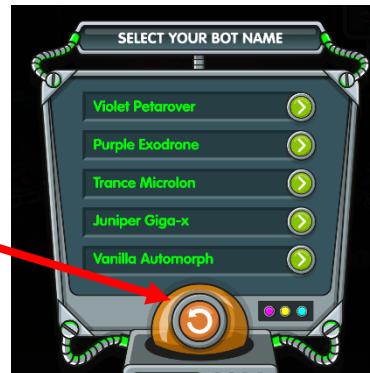

The first time you log in you will need to choose your Numbot character and a name. This will be your name for the rest of the year.

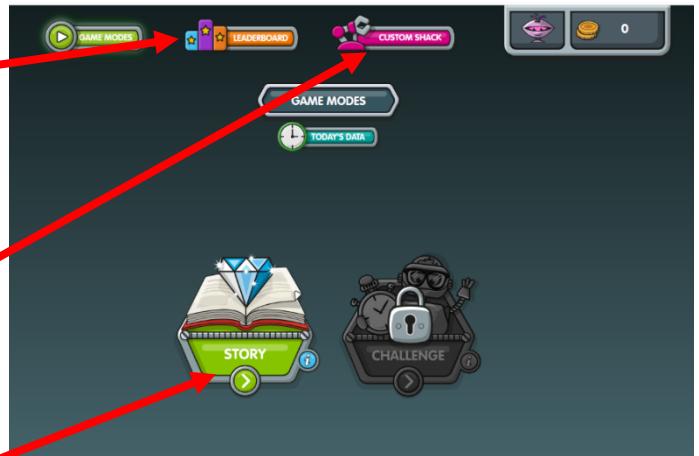

Press the refresh button until you find a name you like.

Once you have chosen click the tick to continue.

On your home screen you will find the leader board. This is where you can see the other members of your class' scores and who is in the lead.

If you go to the 'custom shack', you can change your Numbot character by buying new clothes and equipment.

If you click on 'story mode' it will take you to your very own Numbots story with lots of activities and challenges.

As you complete each level you will unlock the next one. You can go back and replay any levels you have already unlocked.
